

Our engineering and product experts can recommend the appropriate type and model of pump based on your application, process, chemical make-up, temperature, voltage and other factors. Identifying the best solution for your specification can deliver more cost effective and reliable operations.

CENTRIFUGAL PUMPS

Our Solutions Include:

Horizontal & Self-Priming Pumps

Applications:
Water & Wastewater
Chemical
Oil & Gas

Liqua Flow SPM Series

Griswold® 811 ANSI Series

Liqua Flow HSC Series

Vertical Pumps

Applications:
Water & Wastewater
Chemical
Oil & Gas

Crane Deming® 4500

Liqua Flow VTP Series

Grundfos CR Series

Submersible Pumps

Applications:
Water & Wastewater
Metals & Mining
Oil & Gas
General De-Watering

Grundfos SEG Range

EBARA DDLFU

Crane Barnes® Razor Grinder

POSITIVE DISPLACEMENT PUMPS

Our Solutions Include:

Air-Operated Double Diaphragm (AODD) Pumps

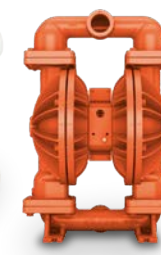

Applications:
Paints & Resins
Chemical
Food & Beverage
Water & Wastewater
Pharmaceutical/High Purity

Almatec® E-Series

All-Flo Plastic A025

Wilden® PS820

Internal Gear Pumps

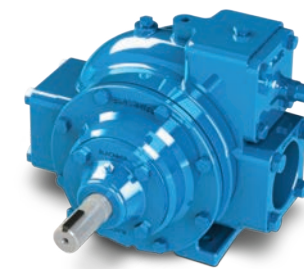

Applications:
Oils & Greases
Tar & Asphalt
Waxes
Highly Viscous Materials

Blackmer® G Series

Sliding Vane Pumps

Applications:
Thinner Fluids
Fuels & Fuel Transfer
Chemical
Viscous Fluids

Blackmer® X Series

Piston/Plunger Pumps

Applications:
Water Pressure Boosting
Chemical Injection
Oil & Gas
Water Treatment & Reverse Osmosis

Cat Pumps Plunger

Hose/Peristaltic Pumps

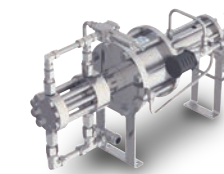

Applications:
Water & Wastewater
Metals & Mining
Food & Beverage
Chemical

Abaque™ Peristaltic Hose

Chemical Dosing/Injection Pumps

Applications:
Chemical Process
Water Treatment
Oil & Gas Checkpoints

CheckPoint 8400 Series

Grundfos DDA

Neptune™ 500 Series

Our Brands Include:

Our Brands Include:

RELATED PRODUCTS

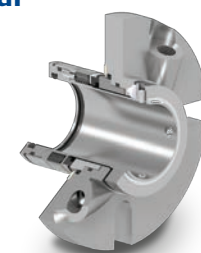

Our Solutions Include:

Cooling Towers

Delta Cooling Tower TM Series™

Mechanical Seals

PPC 1500E Cartridge Seal

Variable Frequency Drives

Invertek Optidrive E3

Mixers, Filters & Chemical Feeders

Neptune™ JG Series

Pulsation Dampeners

Wilden® Equalizer®

Our Brands Include:

SERVICES & CUSTOMIZATION

Pumps Services

- Emergency Response
- Experienced Technicians
- Local Inventory
- Local Service Centers
- Pump Repairs & Maintenance (all brands)
- Vibration Analysis
- Batching, Flow & Pressure Control System Development
- Reliability Services

Custom-Prefabricated Pump Skids

- High-Quality Fabrication
- Best-in-Class Pump Solutions
- Base Design, Power Source & Drive Packages
- Advanced Control Options
- Streamlined Project Management

Custom Control Panels

- Precise Fabrication
- Built to Customer Specifications

ECI.us

ECI is a leading provider of industrial pumps, industrial valves and related products, automation technology, and support services serving a variety of industries in Western Pennsylvania, West Virginia, Western Maryland and Ohio. Our team has the expertise to help guide your selection process and address proper sizing and materials to meet your most demanding applications.
