## AMS Trex Device Communicator Update Event

Plan to update your Trex Device so that you are prepared for 2021!

ECI's Salem Service Center is hosting an AMS Trex Device Communicator update event for customers with an active Trex support contract.

Bring in your Trex Device and we will perform the update while you wait. Updates ensure that your Trex Device is fully functional and enables diagnostic capabilities that help you proactively identify issues before they become emergencies.
