

CRANE INNOVATION TRAILER

PUMP DEMO AND LEARNING EVENT

Join ECI and Crane Pumps & Systems for our Crane Innovation Trailer event! You'll learn about and view demos of Crane's Barnes and Deming chopper and grinder pumps.

These industry-leading submersible pumps drive efficiency and reliability for wastewater applications in industrial settings. With solutions to address clogging and solid size reduction, these pumps offer the versatility to meet the requirements of specific applications. The Innovation Trailer offers both demos and pump cut-aways to deliver an enhanced understanding of performance requirements and the specifications needed to achieve operational success.

TOPICS

- Grinder and chopper pump selection and specification
- Wastewater application pump best practices
- Efficient grinder and chopper pump performance

WHO SHOULD ATTEND

- Maintenance Technicians
- Plant Managers

EVENT DETAILS

**Wednesday,
September 10, 2025**

ECI Operations Center

1005 Park Drive
Lawrence, PA 15055

10 am - 2 pm
