

# TANK & PRV UNIVERSITY SEMINAR

**Join ECI and Emerson for our Tank and PRV University Seminar! This interactive seminar will cover best practices and strategies for operational success with both tanks and pressure relief valves.**

The PRV session will review how proper sizing, selection and maintenance supports valve performance and safety and improves your operations. A thorough understanding of PRV specification is essential for reliable operation. Our introduction to storage tank solutions will include tank blanketing, pressure relief and emergency valves, and flame arrestors. Attendees will learn about considerations for storing liquids in tanks, sizing and selection, and potential incidents and preventative measures.

## PRESENTERS

### Mark Martillaro

Area Growth Manager, Emerson Pressure Management

He is the region's technical expert for Emerson's pressure management products, including Anderson Greenwood, Crosby and Varec pressure relief devices. Mark started his career in the United States Marine Corps as a Cryogenic Technician. From there he entered the process control industry and has become a respected pressure relief valve subject matter expert.

### Derek Kelly

Senior Product Manager, Emerson Pressure Management

Derek is an accomplished Tank Product Business Development Manager at Emerson, who has more than 20 years of experience in tank safety, vapor control and flame arrestor applications. Specializing in Emerson's trusted brands of Enardo and Varec, Derek works with customers to develop effective tank venting solutions that improve safety, compliance and operational efficiency. In addition to his work at Emerson, he serves as an active member on numerous industry standards committees for tank management, including API and ASTM affiliated committees.

## TOPICS

- Specification and Sizing
- Safety Considerations
- Codes and Standards
- Maintenance and Reliability
- Tank Optimization and Overfill Protection
- Emergency and Pressure Relief Settings

## EVENT DETAILS

**Tuesday, August 19, 2025**

### ECI

2 Park Drive  
Lawrence, PA 15055

**Thursday, August 21, 2025**

### ECI

31100 Bainbridge Road  
Solon, OH 44139

**Each seminar is from 9 am – 3:30 pm.**

**Breakfast and lunch provided.**

**Certificates noting professional development hours will be provided to all participants.**
