

TANK UNIVERSITY SEMINAR

Join ECI and Emerson for our free Tank University Seminar featuring an introduction to storage tank safety solutions, including tank blanketing, pressure relief and emergency valves, and flame arrestors.

Learn about considerations for storing liquids in tanks, sizing and selection, and potential incidents and preventative measures. Products will be available for hands-on demonstrations.

Mark Martillaro is a Business Development Manager for Emerson Automation Solutions. He is the region's technical expert for Emerson's pressure management products, including Anderson Greenwood, Crosby and Varec pressure relief devices. Mark started his career in the United States Marine Corps as a Cryogenic Technician. From there he entered the process control industry and has become a respected pressure relief valve subject matter expert.

Mohamed "Mo" Fazl works for Emerson as a Business Development Manager focused on delivering solutions focused on digitalization and tank protection equipment. Mo specializes in problem solving around tank top pressure control applications and creating innovative solutions that identify, mitigate, and reduce product losses associated with tank products. Mo is passionate about innovation, IIoT, ESG initiatives, and helping solve real-world problems in the industry. Mo has a degree in Mechanical Engineering from the University of California Irvine and an MBA from the University of Texas.

Dennis Hill is the Manager of Sales Operations Emerson Tank Management. With an extensive industry background, Dennis has more than 30 years of experience in the oil and gas industry, and more than 20 years of experience working with low pressure venting and flame arrestors. He is an Emerson tank management instructor and subject matter expert.

AGENDA

- Introduction to Storage Tanks
- Standards and Guidelines
- Vent Valves and Emergency Vents
- Regulators and Tank Blanketing
- Level Technology
- Automatic Tank Gauging
- Overfill Protection
- Flame Arrestors
- Tank Monitoring Solutions
- Tank Walkdowns/Surveys

EVENT DETAILS

Thursday, November 30, 2023

The Lofts Conference Center
1000 Noble Energy Drive, Suite 100
Canonsburg, PA 15317

9 am – 3 pm

Breakfast and lunch provided

OPTIONAL
